

May 2023

The Bloom in You,

MAY, you always Bloom where you are planted. This is the time to seek the Lord even the more. Yes, after the rain, now you can expect the Bloom, the beauty of the Lord's release in your life.

God expect you to Bloom wherever you are. No matter what it looks like and no matter what it feels like. It doesn't change God's mind about you, God has chosen you and given you all that you need inside of

you. But, Sometimes God plant us in difficult places, places that seem hard, but you can make it, you will come through it. Should you need prayer while you are coming through the process. The Word Network Prayer Team is here for you, we want to pray for you.

Please call **855-730-WORD(9763)** We are here waiting to pray with you.

Always remember that Jesus Loves you and He gave His life for you, that no matter what has happened in your past, you were built to last! So don't give up and we pray that you never get stuck in the negative things, but move and Bloom in the wonderful things of God. Yes, it's your season to expand. Expansion happens when you renew your mind in Christ Jesus. Don't just see the flower closed, change your perception, see the flower preparing to bloom. Yes, it's a process, wait for God with high expectations to do it. While it's raining, the roots are growing on the flower and the Petals are in high expectation of release. ***Ecclesiastes 3:1 "there is a season, (a time appointed) for everything and purpose under heaven."***

It's time to say, thank you and give these flowery words of appreciation to every Mother and to those of you who step in to help Mother those who were in need, we say, "**Happy Mother's Day**" and give this

picture perfect, bouquet of flowers to you.

Thank you for watering our seeds and helping in the Blooming process. That has caused many to Bloom into Beautiful Flowers today.

1 Corinthians 3:6 "One man(person) plants, one man(person) waters, but God gives the increase."

May God increase you in Favor and in Peace. Shalom.

Willingly Doing His will, Dr. Arcenia Finley
